PHILOSOPHICAL ASSOCIATION 2023-24

Philosfiesta 2024, the annual cultural extravaganza of The Institute of Science, Mumbai unfolded on 17 Jan 2024 with an aura of anticipation and excitement. This hallmark event, deeply ingrained in the Institute's calendar, served as a beacon of creativity, talent, and unity, bringing together students, faculty, and staff in a celebration of cultural richness and artistic expression.

With its theme echoing the essence of camaraderie and collaboration, Philosfiesta 2024 sought to encapsulate the diverse talents and passions of the student community. It was not merely an event but a journey, wherein individuals came together to weave narratives of creativity, innovation, and cultural pride. Amidst the hustle and bustle of preparations, there lingered an air of anticipation, as participants eagerly awaited the opportunity to showcase their prowess and leave an indelible mark on the canvas of Philosfiesta.

After numerous meetings and discussions amongst the student council members and the philosophical association committee the theme "PHILOSFIESTA 2024" was found to be apt, which is a combination of the mind (The philosophical part) and the various talents of our students coming together in an atmosphere filled with celebration (Fiesta). This event was eagerly awaited by each and every student of the institute; as usual. Philosfiesta 2024 witnessed a big students-crowd turning up for various 'day' and competitions that were responsibly organized and held.
